CLIENT PROJECT REPORT

Client	Saraf Bapulal& Sons
Project Duration	Dec 2025 – Mar 2026
Project Manager	Anshika Parikh
Scope	Instagram Growth, Content Strategy, Lead Generation, Conversion Optimization

Executive Summary

This project focused on scaling the Instagram presence of Saraf Bapulal & Sons, a jewellery showroom, through a high-frequency Reels strategy, optimized content positioning, and conversion-driven messaging. Within 45 days, the account experienced rapid follower growth and generated measurable offline revenue through walk-ins.

Objectives

- Increase brand visibility and reach using short-form video (Reels).
- Drive qualified showroom walk-ins through organic content.
- Improve follower growth and engagement rate.
- Convert social media attention into real sales.

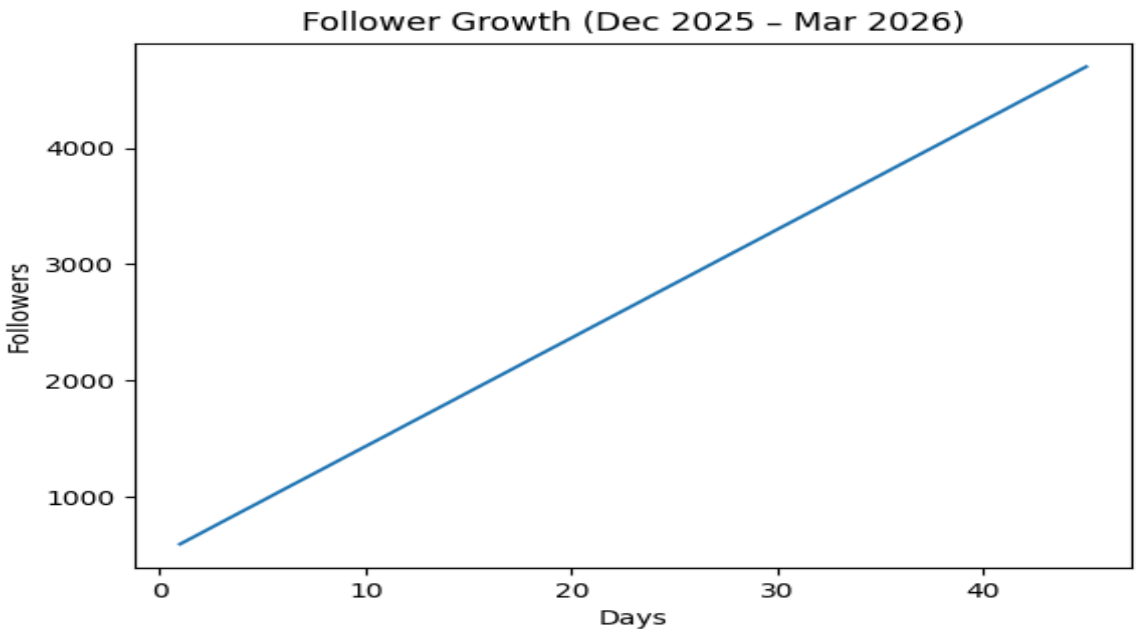
Strategy & Execution

- Reels-first content mix (educational, product showcases, trust-based content).
- High posting frequency with consistent hooks and strong CTAs.
- Use of trending audio and local relevance for discoverability.
- Showroom-based content to build authenticity and trust.
- Lead nurturing via DMs and in-store conversion alignment.

Key Results

Metric	Outcome
Follower Growth	500 → 4,692 (45 days)
Organic Sales Generated	Rs 15,00,000
Showroom Walk-ins	110
Conversion Rate	76%
Top Channel	Reels (Primary growth driver)

Growth Trend



Insights & Learnings

- Reels contributed to the majority of reach and discovery.
- High percentage of views from non-followers accelerated growth.
- Consistency (12 weeks streak) significantly improved visibility.
- Top-performing content combinedproduct + trust signals (reviews, in-store presence).

This reel got some attention

You got over 74K views and gained 349 followers from this reel. That's more than any other piece of content that you shared last month.

Conclusion

The project successfully demonstrated how a focused Reels strategy combined with consistent execution can rapidly scale a local retail brand’s online presence and translate it into offline revenue. The results validate the effectiveness of content-led growth for jewellery retail.
